

QUALITY AND ENVIRONMENTAL POLICY

Badalona, May 22, 2018

AGROLAC, S.A. is firmly committed to putting products on the market that meet the needs and expectations of our customers in technical and registration support and quality logistics service, and we dedicate all company personnel to this purpose.

AGROLAC, S.A. hereby establishes this QUALITY AND ENVIRONMENTAL POLICY and undertakes to disseminate it, enforce its OBJECTIVES, and monitor compliance with it throughout the company and, where appropriate, make it available to our suppliers, customers and other interested parties.

1. **AGROLAC, S.A.** prioritizes getting to know and understanding the current and future needs of our customers and other interested parties, meeting their requirements and expectations, while complying at all times with the legal and regulatory requirements applicable to our facilities, processes and products marketed.
2. **AGROLAC, S.A.** will appropriately encourage its staff to create and maintain a good work environment that facilitates the staff's involvement in achieving the organization's objectives. Therefore, we shall work to meet the needs of our employees and promote open communication throughout the organization.
3. **AGROLAC, S.A.** is committed to protecting the environment, including pollution prevention, and will involve employees and other stakeholders in good environmental practices.
4. **AGROLAC, S.A.** will seek to continuously improve its quality and environmental management system. To achieve this objective, we will implement different measures that contribute to and increase staff participation (internal meetings, suggestion box, etc.). We will also use management tools such as internal audits and a risk-based approach for this purpose.
5. **AGROLAC, S.A.** will allocate the necessary resources and manage them appropriately to ensure the operation and improvement of the quality and environmental management system and achieve the expected results in each area of our activity.

Regards,

The Manager
